

The Guastella Institute OF PERMANENT & CORRECTIVE COSMETICS

Presents

Advanced Procedures in Permanent Cosmetics

Monday December 8 and Tuesday December 9, 2008

Areola Complex Tattooing and Repigmentation

by Debra Guastella, CPCP

This intensive class features demonstrations on various types of reconstruction and grafts with amazing areola complex tattooing techniques that create the illusion of nipple protrusion and diffusion. Materials such as the Breast Repigmentation Portfolio and Workbook with before and after photos, sample form letters to prospective referral sources, and instructions on filing insurance claim forms are included.

Full Lip Tattooing

by Kate Ciampi, CPCP

One of the most difficult procedures a cosmetic tattoo artist faces and one that so very few accomplish well, full lip tattooing will soon become your favorite procedure. Discover critical information needed to become successful in these procedures and foolproof methods for seamless distribution of color. An expansive workbook is included highlighting disorders of the lips, color selection tips, and tattooing techniques.
